**Wednesday - 6 May 1964**

25X1 1. [ ] Met with Mr. Sam Archibald and Mr. Benny Kass, Moss Information Subcommittee, who indicated that it would be most desirable if Mr. Jack Matteson, Chief Investigator of the Moss Subcommittee, attended the meeting with Agency representatives tomorrow afternoon. I indicated I would transmit their request and that I saw no objection to Mr. Matteson's being present. Mr. Archibald also mentioned informally that some consideration is being given to possible hearings next week by the Committee with appearances by CIA and NSA in executive session and the FBI in open session. I advised that although the Agency had indicated its willingness to meet with the chairman, or the chairman and one or two others of the Committee to brief them on matters of interest to the chairman, that there was some possibility that the Agency might decline appearance before the full committee on this subject even in executive session.

I received from Mr. Archibald transcripts of the hearings of April 29 and 30. These were forwarded to the Office of Security for their review.

25X1 3. [ ] Met with Mr. Steven Ebbin, Assistant to the Democratic Majority Leader of the Senate, Senator Mike Mansfield, concerning their request for FBIS area books on regular distribution. After discussing the problems inherent in distribution of these items, I advised Mr. Ebbin that the Senator would be placed on the distribution list.
